I see many colours
As I move around,
Motor cars and buses,
Flowers on the ground.
Sky and trees and buildings,
Clothes and bags and hats,
Different coloured animals,
Birds and fish and cats.

Sailing ships on the water,
Fire engines too,
Orange, red and purple,
Yellow green and blue
Colour in the city,
Colour where I play,
Colour all around me
Somewhere every day.

What is red?

Red is a bonfire
blazing and bright.
Red is like running
with all of your might.
Red is the sunburnt
end of your nose.
Often red
is a lovely rose.
Red oozes out
when you scratch your hand.
Red is the sound
of a passing brass band.
Red is the feeling
you get inside,
when you're embarrassed
and want to hide.
Red is a traffic-light.
Red is a shout.
Red is a warning
that says: "Watch out!"
