There was an old lady in a pointy hat
 She came to my door with a black cat
 I opened up the door and she was there
 She jumped on my broom and flew through the air.

Witch,witch,
 Where do you fly?
 Over the clouds and under the moon
 Witch, witch,
 What do you do?
 Vinegar and black ink.
 What do you eat?
 Lemon and apples from Hurricane Street.
 Witch, Witch,
 Where do you sleep?
 Up in the clouds where pillows are cheap.

3 little witches out one night,
 sang and danced by the light.
 The first little witch sang the song:
 "diddle diddle diddle ding dong",
 The second little witch did a dance with her broom
 1, 2, 3 boom boom,
 The third little witch did a trick with her hat,
 she tapped it, tapped and out flew a bat.
 3 little witches out one night
 swooshed their brooms
 and out went the lights...

Stirring and stirring and stirring
 Whoooo, whoooo, Whoooo
 Tip toe, tip toe, tip toe
 Boo!

She'll be riding on a broomstick when she comes.
 She'll be riding on a broomstick when she comes.
 She'll be riding on a broomstick when she comes.
 She'll be riding on a broomstick when she comes.
 She'll be riding on a broomstick when she comes.

We will warm the big black cauldron when she comes.
 We will warm the big black cauldron when she comes.
 We will warm the big black cauldron when she comes.
 We will warm the big black cauldron when she comes.
 We will warm the big black cauldron when she comes.

She will cook toads and spiders when she comes.
 She will cook toads and spiders when she comes.
 She will cook toads and spiders when she comes.
 She will cook toads and spiders when she comes.
 She will cook toads and spiders when she comes.

We will feed ghosts and goblins when she comes.
 We will feed ghosts and goblins when she comes.
 We will feed ghosts and goblins when she comes.
 We will feed ghosts and goblins when she comes.
 We will feed ghosts and goblins when she comes.

She'll be riding on a broomstick when she comes.
 She'll be riding on a broomstick when she comes.
 She'll be riding on a broomstick when she comes.
 She'll be riding on a broomstick when she comes.
 She'll be riding on a broomstick when she comes.

One little, two little, three little witches.
 Fly over haystacks, fly over haystacks.
 Fly over moonbeams, fly over moonbeams.
 Through the night!
 One little, two little, three little witches.
 Flew over barb wire and tore their britches.
 Had to go home and get some stitches.
 Three witches out tonight!

Bats are sleeping
 Bats are sleeping
 Upside down,
 Upside down.
 Waiting for the night to come
 Waiting for the night to come
 To fly around
 To fly around.

I'm a scary ghost
 I'm a scary ghost
 Watch me fly
 Watch me fly
 I can fly right through the air
 See how all the people stare
 I can fly
 I can fly right through the air
 See how all the people stare
 Way up high
 Way up high.

There was an old witch
 believe it if you can,
 She tapped on the windows
 and she ran, ran, ran.
 She ran helter-skelter
 with her toes in the air
 constablers came from
 from the street
 She was riding on a broomstick
 "What about the toad
 sitting on her hat
 "Wheel!" chuckled I,
 "What fun, what fun.
 Tonight's the night
 when the witches run."
