Low Quality Samples

Lots of animals come from eggs  
 some with fins  
 and some with legs  
 some that chatter  
 and some that cheep  
 some that fly  
 and some that creep  
 some that slither  
 and some that run  
 some with feathers  
 and some with none.  
 Animal eggs can be quite small  
 or just as big as a tennis ball.  
 The animals here,  
 there are quite a few,  
 hatch from eggs  
 and lay them, too.
