We all know that tooth fairies come when children lose their teeth. They are very small and come in the middle of the night. They're also very kind and gentle and always leave a gift.

Tooth fairies spend all of their lives working through the night to find those perfect teeth that only children have. They take them back to their home in Tooth Fairy Land where, with a little bit of magic, they turn the teeth into precious pieces of jewellery for the Princess of Fairies or, make them into tiny pieces of furniture for the Fairy Folk.

The night was dark, the stars were my light,
Your baby tooth was my goal tonight
Gently sleeping, dreams you made
Your tooth I took, your treat I gave,
In Tooth Fairy Land we laughed and danced,
A beautiful tooth, I can tell at a glance.
Keep brushing those teeth, all shiny and white
I'm waiting in Tooth Fairy Land
to return in the night.

In this pocket you will find
A teensy, tiny tooth of mine.
So while I sleep where dreams are made
Let's see if we can make a trade.
In this pocket I will lay,
the little tooth I lost today.
I'm here, dear fairy,
tonight as I sleep
leave me a coin.
My tooth you can keep.

She came in the night
and vanished away...
with the tooth I pulled
out yesterday.
If I could follow,
I bet I'd spy
a mountain of teeth that
would reach the sky.

A tooth fell out and left a space
so big my tongue could touch my face.
And every time I smile I show,
a space where something used to grow.
I miss my tooth as you can guess.
But then, I have to BRUSH ONCE LESS!

Dear Nathan,
Thank you for the tooth. I was really excited to come to your house tonight. I hope I was not too noisy. You were so brave at the dentist today. Everyone was so proud of you. I am leaving you a little something in exchange for your tooth. Thank you very much. Remember, keep brushing!!!!

Dear Sam,
I just wanted to remind you that it is very important to brush your teeth. You need to brush them in the morning and before you go to bed at night. Then your teeth will stay healthy and your smile will stay shiny. Have a lovely day and keep on brushing your teeth. I will come to see you when you lose your first tooth.

Best Wishes

Dear Jonathan,
Thank you for your very first tooth. I couldn't believe my eyes when I saw it. You have done a wonderful job taking care of your teeth. I think that it was the whitest and brightest tooth I have ever collected. It will help to make a beautiful necklace for our Fairy Princess. She will be so pleased with it! I have left something under your pillow as a special thank you for your beautiful tooth. I'll look forward to coming back when your other baby teeth come out.

Love,
The Tooth Fairy

Dear Emma,
Last night, while you were fast asleep, I quietly entered your room and looked under your pillow. There I found the tooth that someone had kindly told me you had lost. What a magnificent tooth! It was one of the best I've ever found and will be put to good use

A great big thank you from,
Your friend the tooth fairy.

Dear Jenny,
Thank you for leaving me a note under your pillow last night. We are happy to leave a little something in the case of lost or stolen teeth as usually they are found by our fairy friends and returned to us. Your tooth was indeed found and our Tooth Fairy Investigators have confirmed that the tooth belonged to you. We look forward to seeing you when you need us again.

Best Wishes,
The Chief Tooth Fairy

Dear Mr Roly,
Thank you for leaving your tooth under your pillow but I'm afraid I can't accept it. Please try to understand that we can only use children's teeth and you are a grown up!

Yours faithfully,
The Tooth Fairy
