

# 292. Sounds Around Us KS1 PDFs (A4)

## We went on a Sound Detective Walk

We went on a listening walk around the school to find different sounds and their sources. We recorded in a table what was heard, what made the sound and how loud we thought the sound was.

★	very quiet
★★	quite quiet
★★★	normal
★★★★	quite loud
★★★★★	very loud

This is the sound I heard	This is how the sound was made	This is how loud I think the sound was

## percussion instruments

## wind instruments

percussion

brass

loud

soft

## string instruments

We make sounds by **blowing** these instruments. They are called **wind instruments**.

We make sounds by **plucking, twangling, pulling** or **scraping** these instruments. They are called **string instruments**.

We make sounds by **hitting, banging, tapping, shaking** or **rattling** these instruments. They are called **percussion instruments**.
