

What did children do before television was invented?

Playing games in the 1930s.

Did you guess?

They played with toys just like you do!

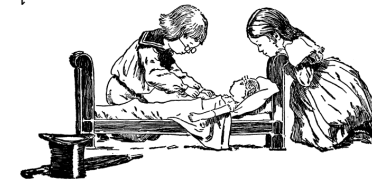

Toys from 1900 [Click Here](#)

What did children do before television was invented?

These toys are more than 150 years old!

What if those children who lived long ago, before television was invented, could ask us a question?

What questions do you think they might ask about our televisions?
