

Warm and Cool

MD 2007

Hot and Cold

Brrr! Brrr! Brrr!
This cold will drive me silly.
I'll put something on my feet
To make them feel less chilly.
That's the way to keep warm!

Brrr! Brrr! Brrr!
I'm coughing and I'm sneezing
I'll put something round my neck
To stop myself from freezing
That's the way to keep warm!

Brrr! Brrr! Brrr!
I feel so cold I'm reeling.
I'll put something on my hands
To bring me back some feeling.
That's the way to keep warm!

Brrr! Brrr! Brrr!
It's freezing and it's snowing.
I'll put something on my back
To help me keep going
That's the way to keep warm!

Brrr! Brrr! Brrr!
It's hailing and it's sleeting.
I'll put something on my head
To get some cosy heating
That's the way to keep warm!

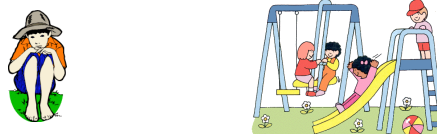

Sun is getting hot now.
I've too many clothes on,
I'll take a few clothes off
And then I'll turn the hose on!
That's the way to keep cool!

Chocolate in my pocket
Melts and goes all runny –
I'll put it in the fridge
So I won't waste my money.
That's the way to keep cool!

Sitting on the grass, I'll
Get the sun to tan me.
Then if I get too hot
I'll ask someone to fan me!
That's the way to keep cool!

When it's really boiling,
Feeling really horrid,
I'll put a bag of ice,
On top of my hot forehead!
That's the way to keep cool!
